Mandatory Educational Requirements

Criteria # 1: Self-Assessment program (SAP) must be planned to address the identified needs of the target audience within a specific subject area, topic or problem.

Self-Assessment Program (SAP) must be based on an assessment of need including but not limited to changes to the scientific evidence base, established variation in the management or application of knowledge or skills by physicians or teams, variation in the quality of care or health care outcomes experienced by patients.

Please provide an explanation and/or supporting documentation for each of the following:

1. Describe the identified target audience for this Self-Assessment Program (SAP). If applicable, indicate if this activity is intended for other health professionals. Indicate areas of expertise.

2. List all members of the Self-Assessment Program (SAP) Scientific Planning Committee (SPC), including their medical specialty.

<th>Name</th>
<th>Area of Specialty and University/Hospital Affiliation</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

3. How was the need for the development of this Self-Assessment Program (SAP) established?

4. Learning objectives that address identified needs must be communicated to the participants of the activity. The learning objectives must express what the participants will be able to know or achieve by completing the program. Please list the learning objectives established for this Self-Assessment Program.

•
•
•
Criteria #2: Self-Assessment Programs must describe the methods that enable participants to demonstrate or apply knowledge, skills, clinical judgment or attitudes.

Self-Assessment Programs provide participants with a strategy to assess their knowledge, skills, clinical judgment and attitudes in comparison to established evidence (scientific or tacit). All Self-Assessment Programs must use methods that enable participants to demonstrate these abilities across the key areas of the subject area, topic or problem(s).

1. Describe the key knowledge areas or themes assessed by this Self-Assessment Program.

2. Explain the scientific evidence base (clinical practice guideline, meta-analysis or systematic review) selected to develop the Self-Assessment Program.

3. Describe the rationale for the selected format (for example, multiple-choice questions (MCQ), short answer questions (SAQ) or true/false statements) to enable participants to review their current knowledge or skills in relation to current scientific evidence.

Criteria #3: The Self-Assessment Program must provide detailed feedback to participants on their performance to enable the identification of any areas requiring improvement through the development of a future learning plan.

Providing specific feedback on which answers were correct and incorrect with references enables specialists to determine if there are important aspects of their knowledge, skills, clinical judgment or attitudes that need to be addressed through engaging in further learning activities.

Written/On-Line Activities:

1. Describe the process by which participants will provide answers to individual questions. For example through the creation of answer sheet and scoring key or web based assessment tools. Please provide a copy of the answer or assessment tool.

2. Describe how participants will receive feedback on the answers they provided. Will participants be able to know which answers were answered correctly or incorrectly, etc...? Provide a template of the report

3. Does the program provide participants with references justifying the appropriate answer?  
   Yes □ No □  
   If yes, please describe how the references are provided to participants. Provide a sample.
All Activities:

4. How will the participants receive feedback on their performance? **Provide a template of the tool used.**

5. Do you include a reflective tool that provides participants with an opportunity to document:
   a) Knowledge or skills that are up-to-date or consistent with current evidence
   b) Any deficiencies or opportunities they identified for further learning
   c) What learning strategies will be pursued to address the deficiencies; and
   d) An action plan or commitment to change to address any anticipated barriers

   Yes □  No □

   **Provide a samples and templates of the reflective tool and describe the process.**

6. Does the program provide participants with an evaluation form that assesses:
   - Whether the stated learning objectives were achieved? Yes □  No □
   - Relevance of the SAP to the participant’s practice? Yes □  No □
   - The thoroughness of the content reviewed? Yes □  No □
   - The ability of the program to assess knowledge? Yes □  No □
   - Ability to identify CanMEDS competencies or roles Yes □  No □
   - Identification of bias? Yes □  No □

   **Provide a sample of the evaluation form(s).**

7. Does the program direct participants to document their learning in MAINPORT? Yes □  No □

Criteria # 4: The content of self-assessment programs must be developed independent of the influence of any commercial or other conflicts of interest.

All accredited Self-Assessment Programs (SAPs) must meet the ethical standards established for all learning activities included within the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. For example, the developing organization must ensure the validity and scientific objectivity of the content.

**Each of the following ethical standards must be met for a SAP to be approved under Section 3.**

1. The scientific committee was in complete control over the selection of the subject or topic and authors recruited to develop this SAP.
   We comply with this standard: Yes □  No □

2. The SAP scientific committee and authors will disclose to participants all financial affiliations with any commercial organization(s) regardless of their connection to the subject or topic of the SAP.
   We comply with this standard: Yes □  No □

3. All funds received in support of the development of this SAP were provided in the form of an educational grant. Funding must be payable to the physician organization and they are responsible for distribution of these funds, including the payment of honoraria.
   We comply with this standard: Yes □  No □

**FINANCIAL SUPPORT FOR-PROFIT / NOT-FOR-PROFIT WAS RECEIVED FROM:** ✓ ALL THAT APPLY:
- [ ] PHARMACEUTICAL  - [ ] GOVERNMENT AGENCY  - [ ] MEDICAL DEPARTMENT  - [ ] OTHER (PLEASE SPECIFY) ___________________________
DISCLOSE ALL FUNDING SUPPORT – FOR-PROFIT AND/OR NOT-FOR-PROFIT:

IMPORTANT

Note: Should the activity development, planning and implementation of the content and supporting documents not be eligible for accreditation/certification due to non-compliance with CPD standards as stated by our regulatory bodies, the McGill CPD Office reserves the right to not grant accreditation or certification.

Ensure to have:

- read the first 6 pages of the general application form, and that the program planning, development and implementation comply with CPD standards.

- provided accurate answers and complete transparency to all questions on all application forms. Note: should supporting documents and/or information listed on the checklists not be provided, the accreditation process will be delayed.

- listed the name of the Physician Organization (PO) on all application forms and that the PO meets the CPD definition of a physician organization.

- submitted final versions of content and all supporting documents (use the checklists provided) at the same time as the application forms (please submit only once). The accreditation review process will not begin until all supporting documents are received. Should the CPD office receive updated content or documents once the review process has started and/or receive the supporting documents less than 8 weeks prior to the start date of the activity, late fees will apply.

- not made reference to the RCPSC, MOC Section 1, MOC Section 3, the CFPC or Mainpro+ credit approval before the program officially receives approval. It is not permitted to state that credits are pending approval or applied for.

- submitted (if applicable) modifications or additional information at your earliest. Note: Your program will not be transferred to the next phase of the accreditation review process until all modifications or requests have been fulfilled. Failure to submit the requested modifications or additional information after a 3 week period, may result as a “non-approval” status for your activity.

- submitted a certificate request form or a certificate template for review (fees apply). Certificates are part of the ethical review process. We are mandated to ensure that certificates distributed to participants comply with CPD criteria.

- provided the strategy to manage potential or real conflicts of interest. In compliance with the National standard for support of accredited CPD activities Element 3 - Standard 3.2: The SPC is responsible to review all disclosed financial relationships (conflict of interest completed forms) of all resource persons: speakers, moderators, facilitators, authors, etc... in advance of the CPD activity, to determine whether action is required to avoid commercial bias.

- provided SPC meeting minutes which include a discussion on the following key elements:
  - Needs assessment
  - Learning objectives
  - Evaluation outcomes from previous year(s) accreditation period (if applicable)
  - Content development
  - If funded, flow of funds
  - Review (method used) of all completed conflict of interest disclosure forms (SPC, speakers, moderators, etc...) and action plan if required to manage potential or real conflicts of interest

Accreditation Terms: Once an activity obtains accreditation approval, the content and/or all supporting documents submitted for review cannot be altered. Changing content without approval renders the accreditation null and void.
